NOTES

BRAND

RIKKE FALKOW, Danish architect, founded ULTIMO Design in 1995 to import American Shaker products and since developed her product lineup following the Shaker philosophy. With the Shaker values of purity and durability, the RIKKE FALKOW collection stands for classic craftsmanship and timeless design. Each piece, crafted from natural materials, is handmade and develops a unique patina.

RIKKE FALKOW collection consist of handmade items from their country of origin.

FURNITURE

Handcrafted in USA

The Shakers arrived in New England in 1774 and although their communities are gone, their distinctive furniture and practices endure.

The Shakers emphasized simplicity, leading to a highly refined and well proportioned furniture design.

The Shakers' original 250 year old design and methods, guided by strict rules, are still used today and is a testimony to its ageless nature.
